The Arc of Ohio Mission Statement

*The mission of The Arc of Ohio is to advocate for human rights, personal dignity and community participation of individuals with intellectual and developmental disabilities, through legislative and social action, information and education, local chapter support and **family involvement**.*

The Arc of Ohio

What We Believe

*We hold that **individuals**, who are adults, **have the right to make their own choices** concerning where and with whom they will live, and how they will spend their time, regardless of ability.*

Family Choice Philosophy

The Family Choice Program is based on the philosophy of self-determination and empowers people to enhance the quality of their lives by providing an opportunity for choice and control of their support system as well as acknowledging that they are the best judges of their own needs and how those needs should be met through self-directed services.

Family Choice Program Summary

The Family Choice Program will allow people with disabilities and/or their family members to select their own Support Worker(s) through the Level 1 or IO Waivers.

This Support Worker will be an employee of The Arc of Ohio for payroll, tax, and worker's compensation purposes but will be under the direct management and day-to-day supervision of the people with disabilities and/or their family member.

Family Choice Program Summary

This program also offers individuals with disabilities and/or their families the ability to:

- *Choose and control the services they receive.*
- *Recruit Support Workers and refer for hire.*
- *Determine how and when services will be provided.*
- *Receive assistance from The Arc of Ohio to manage Service Worker(s).*

Family Choice

Why Do This?

- *The Arc of Ohio was asked by individuals and families to help with finding qualified providers or assist with the certification process.*
- *Individuals and families need a way to quickly recruit Support Workers, especially for those individuals with complex physical needs with the IO Waiver or those not being served on the Level 1 Waiver.*

Family Choice

Why Do This?

Family Choice Eligibility
